Dear Prospective Applicant:

Thank you for your interest in the 2017 Big Spring Exceptional Warrior Managed Deer Hunt to be held November 4 and 5. To be eligible for the hunt you must:

1. Be a current or former honorably discharged member of the military;
2. Have a permanent physical condition that severely impairs your mobility, such as paralysis or amputation of lower extremities **requiring** assistance of a wheelchair, braces, crutches, or similar aids of mobility.

Applicants must provide a qualifying physician's statement verifying your physical condition and mobility impairment with your application.

Enclosed you will find an application to be **fully completed and returned** to the Ozark National Scenic Riverways Office **by close of business Friday, September 29**. Please complete the two-page application in its entirety and keep the remainder of the document for your records. A random drawing will be held to determine successful applicants. Applicants will be notified if they were drawn to participate in the hunt, serve as an alternate in case of cancellation, or if you were unsuccessful.

A mandatory pre-hunt orientation meeting will be held the evening of Friday, November 3rd at the Park's Headquarters office in Van Buren, MO. Successful applicants will receive further instruction regarding the mandatory pre-hunt orientation as soon as details are finalized. Successful applicants will be required to obtain a valid Managed Deer Hunting Permit through the Missouri Department of Conservation. A resident Managed Deer Hunting Permit costs \$17 and a non-resident permit costs \$225. If you have any questions, please contact Kim Houf at (573) 323-4941.

Sincerely,
Kim Houf

ONSR in Partnership with The F.E.W. Managed Deer Hunt

- A Recreational Opportunity for Veterans with Service Related Injuries

Purpose

The managed hunt will improve the overall health of the deer herd through quality deer management in the Big Spring area. This recreational opportunity is being extended to a special group of the nation's population with service related injuries. These individuals are fully capable of properly using a firearm to hunt game, but may have restricted ability to access land for a quality hunting experience. This hunt is an effort to provide proper access, facilities, and other needed resources so these individuals can enjoy a safe and successful recreational experience.

Description of Proposed Area

Located at the end of State Road 103, four miles south of Van Buren, Missouri in Carter County. The Big Spring managed hunt will take place within the boundaries of the 5,500 acre Big Spring unit, which was one of Missouri's first state parks from 1924 until 1969. In 1969 the state of Missouri donated Big Spring State Park to the National Park Service for inclusion into Ozark National Scenic Riverways (OZAR). The area contains various developed areas to include a campground, picnic areas, a dining lodge, trails and rental cabins. The habitat for this area is primarily composed of oak-hickory forest with a few grass field openings. The majority of the area is managed with prescription fire in order to help benefit fire adapted native species and habitats.

Method

1. Centerfire rifle will be the only device permitted during the hunt. Legal centerfire rifles must be in accordance with Missouri hunting regulations.
2. Hunting dogs or other pets will not be permitted to be used for the hunt, nor will they be allowed in the area during the hunt.

Bag Limit

1. Two deer, **but only 1 antlered** are permitted to be harvested by each hunter. There is no requirement to check in an antlerless deer prior to taking an antlered deer.

Monitoring

1. An on-site check station will be located in Big Spring to provide control and safety during the hunt. Each hunter may be required to check in and out at the check station daily to verify the permit.
2. Hunters will be required to check harvested deer in at the check station in order for staff to gather biological data and to insure compliance of the regulations of the hunt.
3. All harvested deer must be checked in by telephone or on the Internet according to the Missouri Department of Conservation Telecheck regulations.

Season

1. The 2017 season is a 2-day hunt from Saturday, November 4th through Sunday, November 5th.

Permits

Criteria for eligibility:

1. Successful applicants must possess a managed deer hunting permit for the State of Missouri. A resident permit is \$17.00 and nonresident is \$225.00.
2. Applicants must also provide a legible letter from a physician to verify the applicant's physical condition. The physician's letter must be on an official letterhead with an original signature.
3. Assistance for personal hygiene needs will not be provided. If help is needed, applicant will be required to provide his or her own personal assistant.

Application Procedure and Permit Notification

1. In order to apply for a permit, the eligible applicant needs to complete the two-page application form within this packet and submit with their physician's verification letter. **Permit applications must be received by close of business Friday, September 29, 2017.**
2. Ten (10) permits will be issued by random drawing for the designated hunt blind locations.
3. Notification of successful applicants will be by email unless applicant specifies otherwise on application. A packet of instructions will be sent to each successful applicant after the drawing.
4. Successful **applicants and their assistants** will be **required to attend** the pre-hunt orientation meeting.

Safety

Hunting Areas/ Firearms

1. Hunters in need of assistance will be required to have a personal assistant or guide in the blind during the hunt. The guide will not be permitted to have any weapon in possession during the hunt. Only one firearm per blind will be permitted. Hunting will be restricted to the hunting blinds. Hunters and their assistants will be required to remain in designated blinds during hunting hours. The assistant may leave the blind to retrieve a harvested deer.
2. Hunting from any vehicle is prohibited. Park approved exceptions of specially designed ATVs parked inside of hunt blind may be granted. Helmets must be worn when operating any ATV. All firearms must be cased and unloaded while transported by vehicle.
3. All firearms will be unloaded until the hunter is safely seated inside their blind. Firearms must be unloaded upon departure from the blind.

Hunter Orange

1. All hunters and their assistants are required to wear a cap or hat and also a shirt, vest, or coat of hunter orange so that the color is plainly visible from all sides. Camouflage orange does not satisfy this requirement.

Equipment

During the hunt, participants will be assigned a specific hunt location. A hunt blind, shooting stick and chairs will be provided by Ozark National Scenic Riverways. It is the responsibility of the participant and their assistant to bring additional equipment and gear required to hunt and/or harvest deer.

Safety Briefing and Check-in Procedures

1. **Friday, November 3rd** - All permitted hunters and assistants must attend a pre-hunt orientation and safety briefing starting at **5:00 p.m. Location will be at Ozark National Scenic Riverways headquarters building located at 404 Watercress Drive, Van Buren, MO 63965.**
2. **Saturday, November 4th and Sunday, November 5th** – Hunters and assistants may enter the Big Springs unit 1 hour prior to shooting hours. Hunters and assistants are **not** required to check-in at the check station located in Big Spring prior to going to hunt blind. Hunters are required to check-in any deer harvested and to check out of the hunt.
3. All hunters and assistants will be required to check out at the check station by 8:00 p.m. for both days.
